board

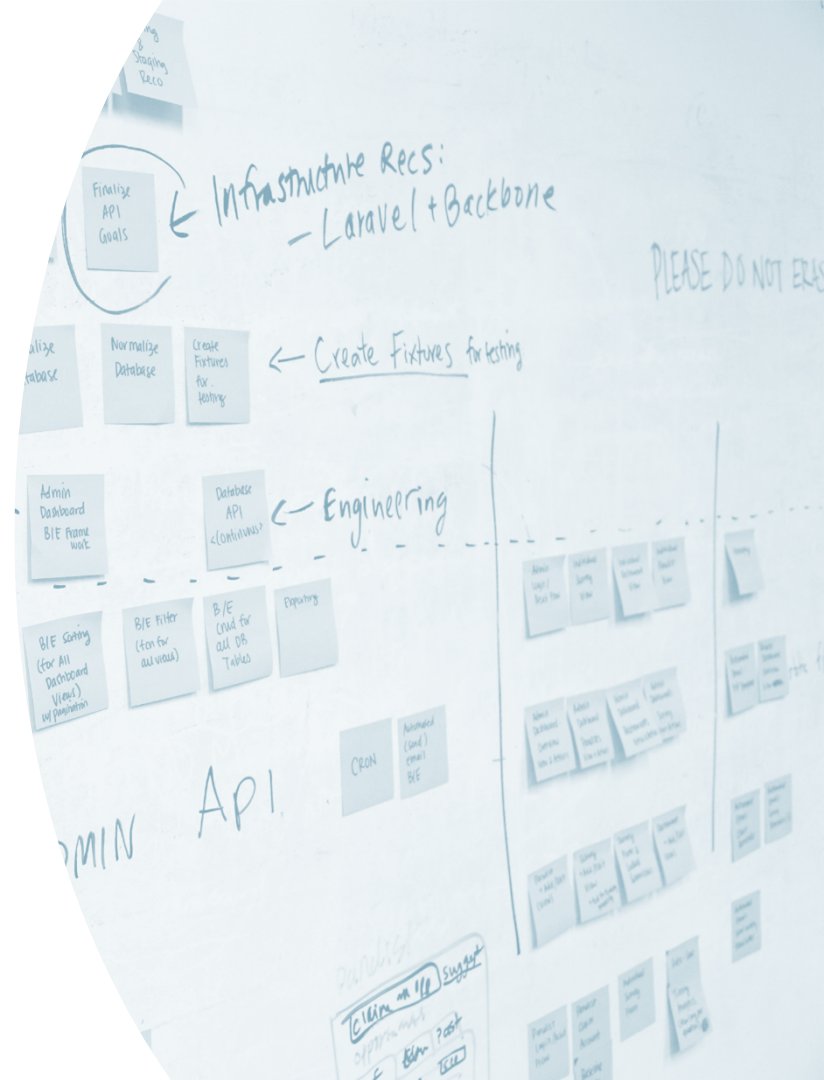

Last year's achievements

- Update 3.0.2 → 3.1.1
 - Streamlining template selection
 - Improving download functionality
 - Lots of bugfixes!
- Flemish minimum DMP
- Infrastructure fully migrated to Belnet
- Doubled member organizations!

What to look forward to

- More machine-actionability
 - Research Outputs
 - Integration with different repositories
- Plan versioning
- More improvements to plan creation wizard

Plan Creation Wizard

Create a new plan

Before you get started, we need some information about your research project to set you up with the

* What research project are you planning?

My Project mock project

* Select the primary research organisation

Belnet - or - No research organisation

* Select the primary funding organisation

Belgian Federal Science Policy Office (BELSPO) - or - No funder

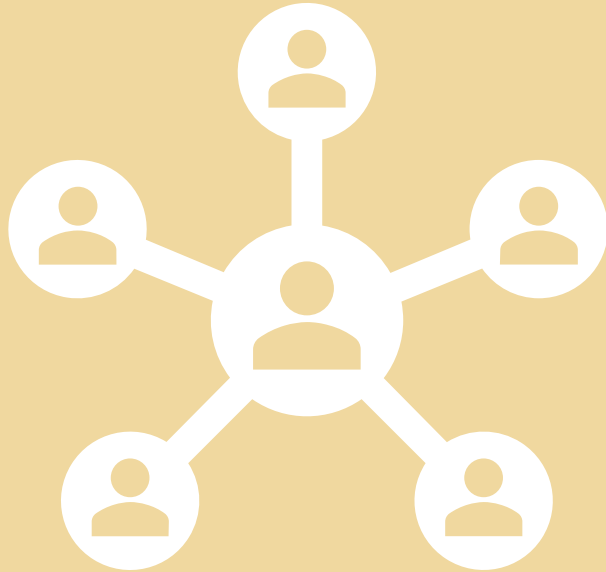

Which DMP template would you like to use?

BRAIN 2.0 We found multiple DMP templates

Create plan Cancel

- Purpose
 - To select the correct template
- Any template can be selected
 - Other organizations' also
 - Change 'Primary research organization'
- BOF funding?
 - Select 'No funder'
- Resulting template now always visible

User management

- Fully automatic
- New users assigned by mail domain
 - user@ugent.be → assigned to UGent
 - user@gmail.com → assigned to guest
- Institutional login recommended
- Researchers with >1 organization?
 - Link via Orcid ID, enabling 'Switch user'

Research Outputs

- Roadmap 3.1.0
 - Turned of in DMPonline.be
- Recuring questions per dataset
 - Name, type, size, ...
- Machine-actionable
- No more squished Excel tables!
- Current problems
 - Questions are static
 - Cannot be enabled on template level

Project Details Contributors Plan overview Write Plan Research Outputs Share

Please list your anticipated research output(s).

Title	Type	Repository
Another	Dataset	ADS Agricultural and Environmental Data Archive
DMPRoadmap codebase	Software	DRYAD
