There was a [#peak](#) in [#Traffic](#) on the BNIX yesterday between 4:00 p.m. and 5:30 p.m. Did many employees watch the [#game](#) on the [#Internet](#) rather than in front of their TV screen? We wish a good return to [#Belgium](#) to the Red Devils!! [#WorldCup2022](#) [#Qatar](#) [#elimination](#) [#RedDevils](#)

BNIX @BNIX_BE · 13/09/23

Since the Covid period and the generalization of teleworking, we have observed 3 major daily [#peaks](#) in our platform [#traffic](#): those in the morning and afternoon are higher than in the evening. Except yesterday, during the Red Devils' [#match](#) against Estonia! [#Belgium](#) [#internet](#)

THANK YOU!
